PROFESSIONAL SUMMARY

FullStack Developer with 3.5+ years of hands-on experience building web, mobile, and backend applications using React.js, Next.js, React Native, TypeScript, and Node.js. Experienced in developing features from scratch, integrating REST APIs, writing clean code, and optimizing application performance. Strong track record of collaborating closely with cross-functional product, design, and QA teams to deliver stable and high-performance products on time.

SKILLS

- **Frontend & Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3, React.js, Next.js, React Native, Redux, Redux Toolkit, Tailwind CSS
- **Backend & Databases:** Node.js, Express.js, REST APIs, MongoDB, MySQL
- **Cloud & Tools:** Git, GitHub, Bitbucket, Jira, Postman, AWS (EC2,S3), GCP (Basic), Docker, Kubernetes

PROFESSIONAL EXPERIENCE

FullStack Developer *Venuemonk Technologies, Gurgaon, Haryana* | *Mar 2023 – Present*

- Built web, mobile, and backend features completely from scratch—handling requirement discussions, coding, testing, and deployment using React.js, Next.js, React Native, and Node.js.
- Refactored and modernized over 400 legacy JavaScript APIs into clean ES6+ code and built new scalable Node.js APIs to improve backend maintainability.
- Optimized existing React and React Native apps by improving state management and code structure, which significantly boosted app speed and user experience.
- Regularly resolved critical production bugs and handled feature requests via Jira to keep applications fully stable.
- Mentored junior developers by guiding them through code reviews, debugging challenges, and day-to-day technical issues.

Web Developer *Digi-Vertex Solutions Pvt. Ltd., Gurugram, Haryana* | *Jul 2022 – Sep 2022*

- Developed the company's official website using React.js, building 20+ responsive pages that worked smoothly across desktop, tablet, and mobile devices.
- Handled on-page SEO improvements (meta descriptions, proper heading tags, and page structure) to increase search engine visibility.
- Built custom UI components for an internal accounting platform and successfully resolved over 30 application bugs.

PROJECTS

Venuemonk Website | *Next.js, JavaScript, Redux* (venuemonk.com)

- Developed 20+ landing and lead-generation pages (such as Get Quote, Makeup Artist, and Corporate Events) to drive user acquisition.
- Worked closely with marketing and design teams to fix SEO issues and optimize page structure, successfully raising the Lighthouse SEO score from 20 to 90+ and boosting organic traffic.

Venuemonk CRM & Biz App | *React Native, Redux, Node.js, TypeScript*

- Built and maintained two React Native mobile apps supporting a sales workflow of over 4,500 monthly leads.
- Developed core features like lead tracking, task management, push notifications, and custom booking calendars, reducing manual sales effort by around 50%.

Partner, Sales & Admin Portals | *React.js, Redux, Node.js*

- Redesigned and updated the Partner Portal dashboards, helping venue partners manage bookings easily and increasing partner business by 40%.
- Developed centralized tracking and reporting dashboards for Sales and Admin teams to simplify daily operations.

Slide Dating App | *React Native, Expo, Node.js, MySQL, TypeScript*

- Built a full-stack dating application from scratch, handling both React Native frontend and Node.js backend.
- Developed 8+ core features including user profiles, swipe matching, real-time chat, and media uploads, increasing daily user interactions by roughly 30%.

EDUCATION

B.Tech in Computer Science Engineering KIIT College of Engineering, Gurgaon | *2018 – 2022*
